

FOR THE NEW APPLICANTS OF THE JAPANESE CLASSES
IN INUYAMA

Nihongo Kyoushitsu-Japanese Classes

We are sure that almost everyone has experienced trouble at one time or another due to the language barrier and differences in customs. In 1991, the Inuyama Nihongo Kyoushitsu was started by volunteer teachers to give foreigners the opportunity to learn the Japanese language and culture.

The classes are divided into three different levels according to the skills. We hope that you will not only learn the Japanese language, but also find some friends in the Japanese Classes in Inuyama.

Class	Level	Curriculum
Yume	Beginner	Hiragana and Katakana
Hoshi	Intermediate	Basic grammar, daily conversation, and Kanji
Hana	Advanced	Japanese Language Proficiency Test taking-an-examination measure class
